

PreVent® Cleaning Broom

Permatron's PreVent air intake screens are washable filters that offer a cost effective, environmentally friendly and low maintenance solution to prefilter the air intake on many types of equipment. **1 FREE handy cleaning broom is now available, UPON REQUEST with PreVent orders valued over \$500.** Brooms can also be purchased separately; \$6.50 NET.

Perfect for rooftop applications, where cleaning tools are not readily available. As environmental debris accumulates on the surface of the screens, it can be quickly brushed clean, as needed, by using this rubber broom. Broom handle is finished with a convenient hang tab so it can be stored outdoors for easy access near protected equipment.

- 5 Foot (150 cm) expandable broom
- Black rubber broom head with a lightweight aluminum pole

MODEL # BROOM-RUBBER
